

COMPLIANCE & SAFETY

Compliance

Patient Privacy

Snooping in patient medical records is NEVER okay.

- No one may access or attempt to access any information about a patient that is not within their realm of responsibility or authorization.
- No one may access or attempt to access information for themselves or their family members.
- No one may access or attempt to access information for other individuals that are not directly related to treatment of a specific assigned patient or to work assignments (attending, covering, consulting).

Safety and Culture

RACE & PASS are the widely known healthcare acronyms for fire response.

If you discover a fire:

Rescue anyone that is in immediate danger.

Activate the nearest alarm/pull the fire alarm & call the emergency response number.

Contain the fire by closing all doors in the fire area.

Evacuate OR Extinguish if the fire can be controlled & put it out using PASS. Otherwise, leave the area & close the door.

Pull the pin.

Aim extinguisher at the base of the fire.

Squeeze the handle.

Sweep side to side at the base of the flame.

HOW TO REACH COMPLIANCE

MHS:

Compliance Hotline: +1(877) 777-0787
calls are anonymous & 24/7
VandaliaHealth.EthicsPoint.com
